

Store, organize and access your stuff.

Manage your information better with our most comprehensive and versatile storage system.

- Research shows that people stage materials in their workspace based on frequency of use and urgency—help them work the way they want to by providing easy access to anticipated or archived files for individuals, teams and groups
- Select from a virtually endless family of sizes, interiors and aesthetic options including steel, glass and wood
- Studies prove that people want more control over their information—use our broad offering of product types and interior configurations to give people the control they need
- Create a seamless look with horizontal lines that align across pedestals, laterals and towers
- Blend storage seamlessly with any Steelcase furniture system for an integrated look
- Stack laterals now and easily add/reconfigure in the future to add capacity as you grow
- Built using 100% recyclable materials
