table, ceiling and suspension luminaires for diffused incandescent or fluorescent lighting.

- etched white handblown glass diffusers available in three shapes; open, oval and pointed.
- open diffuser available in blue or amber cased glass.
- canopy and diffuser support in die-cast aluminum with brushed nickel or matte white powder coated finish.
- suspension models with white cord.
- ceiling and suspension models mount to standard electrical junction boxes.
- standard universal voltage electronic ballast in all fluorescent models.
- table model available in the open and oval shapes only in the matte nickel finish; with in-line dimmer on clear cord on incandescent version and in-line on/off switch on fluorescent version.
