Finn Juhl, along with Hans Wegner, Arne Jacobsen, Poul Kjærholm, Børge Mogensen, Poul Henningsen and Verner Panton made Danish Design world famous. Finn Juhl's work was controversial for his time. His ideas pushed the limits of traditional Danish Design and gave it a renewed energy. Brayton International can now provide these renowned designs to our customers through our partnership with Hansen and Sørensen of Denmark. The 57 Sofa is available in COM/COL and our graded-in leathers and textiles. Standard lead times apply.
