WOOD TANDEM SEATING

St. Clair tandem seating offers the specifier traditional styling with a contemporary flair. This collection provides an excellent solution for lounge/ waiting areas to patient room seating. Tandem units may be specified with or without intermediate arms. Coordinating freestanding and ganging tables are also available.

Constructed of hardwood maple and steel cross rail supports, St. Clair offers UltraFlex® sheet webbing which reduces pressure points by distributing the user's weight evenly over the entire seating surface.

St. Clair is an excellent choice for most facilities providing comfort along with functional design.
