MULTIPLE SEATING

AVAILABLE IN 2 OR 3 UNIT MULTIPLE
SEATING CONFIGURATIONS

NOTES

- The pitch of the moveable inclining back can be effortlessly adjusted to accommodate infinite postures from upright to 50°.
- The seat back provides lumbar and neck support.
- Paired with a footstool, the inclining patient chair is a light-scale alternative to a recliner.
- Spaces between the sides and back do not trap dust and debris.
- The gas-assist, inclining mechanism is intuitive and simple to operate. It requires no gripping ability and very little pushing or pulling strength.
- Produced under license from Wiesner-Hager, Austria.
