

Cable Keeper

Primary Customer Need:

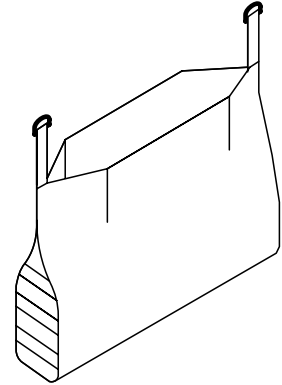

Manages the complex array of cables used to power a workspace.

User Requirements:

A fabric bag, suspended by a hook from the underside of the worksurface, intended to catch and store cabling which would otherwise hang loosely.

Product Features:

- Style Number: TWSB
- Size: W19 x D13
- Color: Black only
- Construction: 600-denier polyester fabric
- Application: Suspends at back of worksurface for a clean aesthetic. Great for learning environment.
- Warranty: 10 years
- Can be attached to wood or metal worksurfaces with a hook attachment.
- Bag design and materials used are intended to be as unobtrusive as possible.
- Top of bag can be left open unattended to free both hands for insertion of cables. It will then close securely to trap and hide cables.
- The Cable Keeper bag is not intended to hold plug strips. These should be mounted separately in a well-ventilated area.
- The sides of the Cable Keeper bag are open to allow routing of cables.
- Can also hold installation and maintenance pamphlets for ready reference.

For a better day at work.™
