

# File Container

## Primary Customer Need:

The File Container is a cost-effective way to house large collections of information and reference materials. This new system of mobile storage containers by Details helps individuals and teams better manage and organize their information. Organize the way you like; store where and how it works for you; and find what you need faster whether in your office or on the go.

## Product Features:

- Style Number: WFILE
- Size: W13.1 x H10.3 x D13.1
