Metro *brings life to work* in meeting spaces, private offices and the open plan — with refined, modern furniture designed to improve the experience of life at work. Our comprehensive portfolio emphasizes collaboration and provides high performance worksettings for individuals & teams with award-winning concepts pioneered by our observations, intuition and research.

Refinement remains a hallmark that distinguishes Metro in both design and execution — producing furniture of exceptional quality and beauty that provides long-lasting value. Metro's refined execution begins with *design excellence* — born of essential forms and simple elegance. It is achieved by combining our discerning *selection of materials* with a unique blend of modern manufacturing precision and an age-old *sense of craft*.

Dedicated to *environmental stewardship*, Metro employs practices and processes that improve sustainability. Metro produces premium furniture using water-borne adhesives and finishes, VOC-free powder-coat finishes, PBDE free foam, independently certified core materials, and both recycled and recyclable materials — all without compromise to quality. TeamWork and Detour products are GREENGUARD Certified®.
