Vox® Lectern
 Design: Mark Müller

The Vox® Lectern is designed to complement the Vox® Collection and includes a Facet edge and aluminum trim. The lectern is available in standard Nienkämper wood veneers and stains. Vertical legs, screen and Vox® Forum are available in anodized aluminum finishes: Clear, Champagne, Light Bronze, Bronze or Black.

23450	Speaker's Lectern	w 35 1/2"	d 24"	h 46 3/4"
	Work Area	w 30"	d 14"	8° slope
	Height on user's side	43"		

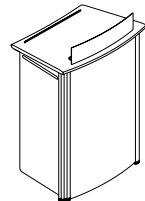

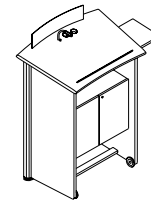

Vox® Speaker's Lectern:

The front and user side have a Facet edge, with self edges on the sides. Two fluted aluminum Vox® legs with flex panel on the front of the lectern conceal all internal wires.

Vox® Presenter's Lectern:

The Vox® Presenter's Lectern is pre-wired for a microphone. A pull-out shelf accommodates a laptop computer or projector. The lectern also includes a Vox® Forum, which can provide connections for enhanced electronic presentations, and a storage area with push-latches on the doors.

23465	Presenter's Lectern	w 35 1/2"	d 27 1/2"	h 53"
	Interior dimensions of storage cabinet	w 25"	d 13 1/2"	h 17 1/2"
	Work Area	w 30"	d 17"	8° slope
	Height on user's side	43"		
	Accessory Shelf (on right side only)	w 14"	d 17 1/2"	

The Vox® Presenter's Lectern has an aluminum screen to conceal the lectern work area. An aluminum microphone grommet (Model 23413) is pre-wired at top and floor level to a XLR jack for easy microphone hook-up.

Special Features:

- adjustable reading light
- a 1 5/8" aluminum grommet for additional wires on work top
- aluminum paper stop
- 1 fixed shelf 8" below user side of work top
- foot rest
- 4 1/2" dia. non-marking wheels for mobility
- grommets, pencil holder/paper stop are standard and finished in clear anodized aluminum only
