

Player

Simple, durable, stackable.

Player® is the convenient, comfortable, stackable chair for a multitude of uses. It has a slim, quiet aesthetic that fits in anywhere. And its durability (with steel inserts where it counts) makes Player the perfect choice for high traffic areas.

with arms and casters

Four-Leg
with tablet arm and bookrack

Four-Leg Stacker

The four-leg version of the Player chair stacks six-high on the floor and eight-high on the dolly. Available with or without arms.

Sled-Base

A sled-based version is available with or without arms.

Stool

Use the four-leg stool with standing-height tables and worksurfaces. Available with or without arms.

Optional Features

The four-leg version with arms is available with casters for greater mobility (not recommended for stacking). You can select an optional high back or thick seat. Optional right or left-handed tablet arm tilts up so you can easily enter and exit the chair. Optional bookrack fits under the seat. An alignment device allows you to easily link and unlink rows of Player chairs. A removable ganging device allows you to link chairs more permanently.

Durability

The Player chair's back, arms, and back legs are reinforced for extra strength. Player has been tested for up to 300 lbs.

Greenguard Certification™

Like all Steelcase brand seating (U.S.), Player is GREENGUARD Indoor Air Quality Certified.®
