- Balance Privacy
- Make Work Visible
- Manage Connections
- Offer Inspiring Spaces

13 Community Space

It's about: A stimulating, interactive, high-tech space that enables individuals and groups to engage in real-time and virtual communication.

Balance Privacy

Architecture

A I-line Moveable Wall provides visual and acoustical privacy for concentration or collaborative work.

A Pathways Post and Beam creates entrance into café and links enclosed spaces.

Make Work Visible

Technology

T Polyvision markerboard and CopyCam record information on markerboard allowing users to review and revisit their work.

Manage Connections

Furniture

F A variety of tables and seating encourages informal conversations.

F Mobile storage units bring frequently used office supplies and documents within easy reach.

Technology

T Flat-screen monitors and large projection screens make the space a "hot spot" for organizational information.

Offer Inspiring Spaces

Architecture/Furniture/Technology

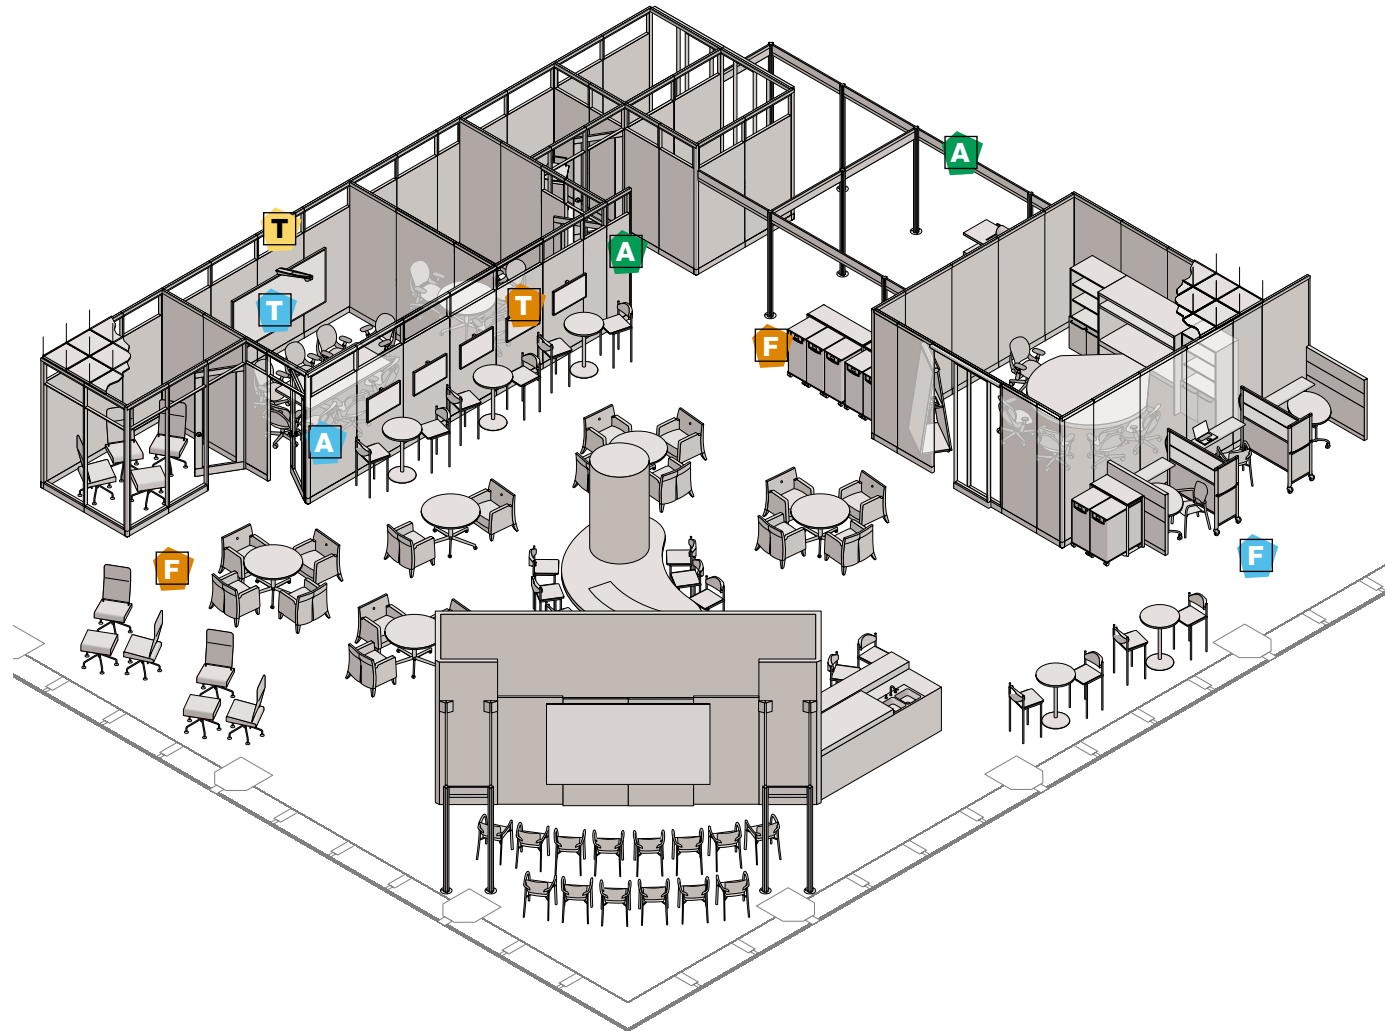

A The energizing aspects of the café are realized through multiple ways to share and exchange information.

T
